SUMMARY

Final-year B.Tech student (CSE – AI & ML, CGPA 8.8) with two data analytics internships. Skilled in SQL, Python (Pandas, NumPy), Power BI and Excel for data cleaning, dashboard development and KPI reporting. Seeking an entry-level Data Analyst role where I can turn raw data into clear, decision-ready insights.

SKILLS

Analytics & BI: Power BI, Microsoft Excel, Data Cleaning, Data Transformation, Data Visualization, Dashboards, KPI Reporting, Trend Analysis
Programming & Databases: SQL (Joins, Subqueries, Aggregations), Python, JavaScript, MongoDB Atlas
Libraries & Tools: Pandas, NumPy, Git, GitHub

EXPERIENCE

Python, SQL & Power BI Intern – QSpiders, Basavanagudi *May 2026 – Jun 2026*

- Queried and summarized datasets using SQL joins, subqueries and aggregations to answer business questions.
- Built interactive Power BI dashboards and reports to present key insights clearly.
- Cleaned and prepared data in Excel and Power BI to make it accurate and report-ready.

Data Analytics Intern – ApexPlanet Software Pvt. Ltd (Online) *Feb 2026 – Apr 2026*

- Cleaned, transformed and analyzed datasets in Excel and Power BI to support reporting.
- Designed interactive dashboards that visualized business insights for decision-making.
- Identified trends and key performance indicators (KPIs) and produced analytical reports.

PROJECTS

Sales Analytics Dashboard | Power BI

- Built an interactive dashboard to analyze sales KPIs and business performance.
- Added charts, filters and slicers so users can explore results and support decisions.

HariyaliTech – Smart India Hackathon | Python, AI/ML, HTML, CSS, JavaScript

- Developed a crop disease detection web application that gives farmers basic diagnostic recommendations.
- Collaborated in a team to design and deliver the solution within the hackathon timeline.

Autonomous CI/CD Healing Agent – RIFT Hackathon | GitHub, CI/CD, AI

- Built an AI-powered system that detects build failures and automates basic troubleshooting workflows.
- Worked in a team to develop and present the solution within the hackathon timeline.

EDUCATION

B.Tech, CSE (AI & ML) – Sri Venkateswara College of Engineering, Chittoor *2024 – 2027*
CGPA: 8.8

LANGUAGES

Urdu (Native), Telugu, Hindi, English (Working Proficiency)
